

Aerospace Physiology
 Typical First Semester Schedule
 (Students who place into MA 220 on [ALEKS PPL](#))

<u>Course</u>	<u>Course Title</u>	<u>Credits</u>
<i>Please register for the following courses.</i>		
BIO 120	Foundations of Biology I	3
BIO 120L	Foundations of Biology I Lab	1
CHM 110	General Chemistry I	3
CHM 110L	General Chemistry I Lab	1
BIO 110	Research Methods I	1
UNIV 101	College Success	1
COM 18, COM 20, COM 122 or COM 122NNS	Communication course based on results of CompEval	3
MA 220	Quantitative Methods II	3
<p><i>Please Note:</i> You will not be able to register for communication or math classes without completing the CompEval and the ALEKS PPL unless you already have credit through Advanced Placement, International Baccalaureate, dual enrollment, or transfer credit <u>and</u> that credit has already been posted to your academic record.</p> <p><i>It is suggested that you take the CompEval and ALEKS PPL placements while you wait for your AP, IB, or other credit to post. Once new credit is added to your academic record you can self-register for the higher class or you can contact your academic advisor for assistance.</i></p>		
<i>If you have received credit for one of the courses listed above, you can consider taking one of the courses below.</i>		
PSY 101	Introduction to Psychology	3
Computer Science General Education course	CYB 235 Computer and Network Technologies or CS 118 Fundamentals of Computer Programming or CS 223 Scientific Programming in C	3
Total Credits for semester		16

See notes on scheduling classes on page 2.

If you need assistance with scheduling classes, contact First Year Programs at dbfyprog@erau.edu or 386-226-7073. You may also contact Mary Chilson directly at chilsonm@erau.edu or 386-226-4964.

Notes on scheduling classes

Students can register for classes using the Class Search and Enroll screen in Campus Solutions. They can also use the Schedule Planner tool found through Campus Solutions to assist in the scheduling process. Step by step directions for using either tool can be found at:

daytonabeach.erau.edu/admissions/applied-students/register/index.html

To be on track to graduate in four years, you should consider taking 15-16 credits per semester. While a student only needs to take a minimum of 12 credits to be considered a full time student during the fall or spring, any student can take up to 16 credits at the same tuition cost as taking 12 credits.

If you placed in COM 20 Fundamentals of Communication, you can consider taking it for free during the Summer B term (which runs from June 30th through August 12th including orientation and final exams) as part of the Think SummER program. A student would need to be registered for at least six credits during Summer B to be able to take COM 20 for free.

Taking one or more summer courses is encouraged either to get ahead or to “catch up” in the sequence of required Communication courses (if needed for a student that places into COM 20), in order to maximize your chances of progressing toward degree completion in a timely manner.

If you need any practice or review for math during the summer, you are encouraged to use the interactive learning modules in ALEKS PPL.

You can find information about the Bachelor of Science in Aerospace Physiology at:

catalog.erau.edu/daytona-beach/arts-sciences/bachelors/aerospace-physiology/
