

# ROTC Students

Here are some considerations to make while planning your first schedule:

Register for the appropriate ROTC courses listed below – along with the suggested courses for your degree program. Navy ROTC students are required to take a minimum of 15 credits per semester including the courses listed below.

Air Force and Army ROTC students should take between 12-16 credits per semester including the courses listed below. To be on track to graduating in four to five years, you may want to take closer to 15-16 credits per semester.

## Air Force ROTC

- AF 101 U.S. Military Forces (1 credit)
- AF 101L Leadership Laboratory (0 credits)

## Army ROTC

- MSL 101 Basic Military Science I (1 credit)
- MSL 101L Basic Military Science I Laboratory (0 credits)
- MSL PT Army ROTC Physical Training (0 credits)

## Navy ROTC

- NSC 101 Introduction to Naval Science (2 credits)
- NSC 100 Naval Science Lab (0 credits)
- NSC PT Navy ROTC Physical Training (0 credits)

Please note: If you are a College Program Midshipman (meaning you DO NOT have a 4-year National Scholarship), please contact the NROTC unit before enrolling in these courses. You must meet the program's physical standards and may be required to interview before acceptance into NROTC.
