## *Statement on Fire Safety*

The use of cooking appliances in the residence halls is a privilege. Always use caution when cooking and follow the manufacturer's instructions when using cooking appliances. In the event of an emergency or fire, immediately contact 9-1-1 and then Campus Safety and Security at (386)-226- SAFE (7233)

Additionally, all students should follow the Housing and Residence Life Community Standards regarding Fire Safety:

- Residents who set off the fire alarm system can be charged with violating the Community Standard policy Failure to Comply and/or the Fire and Emergency Equipment & Procedures Honor Code policy.
- Residents and their guests are required by state law to evacuate a building in the event of a fire alarm. Residents must adhere to directives of University officials and/or emergency personnel and report to the designated evacuation area(s). During an evacuation, the building is not to be reentered until proper authorization is given by a university official.
